## **FFKDA PRESIDENT'S WELCOMING**

It's a great pleasure for me to invite you to take part in the 36th European Cadet & Junior Karate Championships as well as in the under 21 European Cup, which will be held from 30<sup>th</sup> January to 1<sup>st</sup> February, 2009 in PARIS, the capital of France.

This is the first Championships during which we are going to welcome, at an international level, young people from 14 to 15 years old. Thus, we will reserve for them warmest welcome throughout these Championships.

As you can notice during your coming, Paris owns a very rich cultural heritage with many famous monuments and numerous sports infrastructures convenient to the organization of great sports events.

As host country, we will do our best to make these Championships memorable for all of you.

France organized the 2<sup>nd</sup> World Senior Championships in 1972, the European Senior Championships in Paris in 1996, and the World karate Championships Cadet and Junior in Marseille in October 2003.

I wish good luck to all young competitors which will participate at these Championships. I hope that you will have a good time in our beautiful capital.

Francis DIDIER

The President of French Karate Federation

## **EKF / WKF PRESIDENT'S WELCOMING**

It is for me and for all of the components of the European karate family a great pleasure to visit, once more, Paris, the city of the cities. More than 40 European countries are going to meet in Paris around these European Cadet and Junior Championships - as well as under 21 European Cup - and around karate, a sport that is proving day by day not only how deep it is merged in our society but also the added value that its practice gives irrespective of age and condition.

The French Karate Federation is a very important piece of the European Karate Federation and also of the World Karate Federation, for both qualitative and quantitative reasons. We are aware of the progress that karate has experienced in the country and how positively it has been contributing to the worldwide development of our sport. On the other side, we all thank the French Federation that significantly contributes through regularly hosting major international Karate events. It is a very clear and positive sign of the health of the French karate and its full integration in the European Karate Federation.

We also want to congratulate the French Federation for the commitment, professionalism and interest shown for the successful organization of these Championships, and wish that this event, the first official Cadet and Junior karate event ever that incorporates the 14 and 15 years age categories, male and female, will serve to further promote karate popularity and practice throughout the country.

In the name of the whole European Karate, thank you for your inestimable contribution, and be sure that we all will enjoy unforgettable days in Paris.

Antonio Espinós

EKF / WKF President

## INFORMATION ABOUT PARIS

### *Paris, city of art and culture*

Sightseeing in Paris is like plunging into ancient history: remains of the old Roman Lutetia, grand medieval abbeys, gothic masterpieces, classical architecture, collections from Napoleonic times, perspectives defined by Haussmann... a remarkable density of artistic and cultural treasure to choose from at each visit! 180 museums and monuments for your enjoyment: discover internationally-renowned collections of paintings, sculpture and decorative arts, go in search of iconic emblems, symbols of the influence of an era, take inspiration from a wealth of contemporary heritage – all this makes Paris a capital of the arts, both past and present.

### Top five monuments

#### CATHEDRALE NOTRE-DAME DE PARIS

Masterpiece of gothic architecture, the cathedral Notre-Dame de Paris, imagined by Bishop Maurice de Sully was built between the 12<sup>th</sup> and the 14<sup>th</sup> centuries (1163-1345). The French road distances are established from the “0km” point located on the square in front of the cathedral entrance. You can also visit the Treasure of Notre-Dame.

#### BASILIQUE DU SACRE COEUR DE MONTMARTRE

Church built by public subscription after the 1870 defeat in the Franco-Prussian war. The basilica was consecrated in 1919. Architect: Abadie (1875-1912)

### TOUR EIFFEL

One of the most famous monument in the world (324 meters, 10,100 tons), the Eiffel Tower was built by Gustave Eiffel in 1889 for the World Fair, where it was the star attraction.

Information, historical and technical explanations on all three levels, Gustave Eiffel's office on the third one.

Viewpoint indicator on the 2<sup>nd</sup> and 3<sup>rd</sup> floors.

### SAINTE CHAPELLE

Jewel of gothic architecture, the Sainte Chapelle was built at Saint-Louis' request during the 13<sup>th</sup> century to house Christ's crown of thorns.

### ARC DE TRIOMPHE

Panoramic view, museum on the history of the monument. 2 viewpoint indicators at the top.

Architects: Chalgrin, Joust, Blouet. Sculptors: Cortot, Rude, Etex, Pradier, Lemaire.

On the 11<sup>th</sup> of November 1920, the thumb of an unknown soldier killed in the Great War was inaugurated here to remember the 1,500,000 killed in World War I. Since 1922 and even during the World War II, every day at 6.30pm, the commemorative flame is revived. 802 associations of veterans take care of these ceremonies.

## **GENERAL INFORMATION:**

### **TIME:**

France is in the Central European Time Zone – GMT + 1 hour

### **CLIMATE:**

Paris lies in the midst of the Ile de France region, which has France's lowest rainfall, however the city is known for its unexpected rain showers which can occur at any time of year. Summer temperatures are mild to warm, with occasional heat waves, while winters are very chilly with temperatures hovering around freezing point.

Average temperature in July +20°C.

Average temperature in February +6°C.

Temperatures in early February vary from -2°C to 16°C.

### **LANGUAGE:**

France's official language is French. English is also understood and widely spoken.

### **CURRENCY:**

The French currency is Euro.

The banks are generally open from 9am to 5pm, or 6pm, from Monday to Friday, sometimes from Tuesday to Saturday. Some banks may close at lunchtime, between 12.30pm and 2pm. Even though you may find some banks who will accept your currency in exchange for euros, you are more likely to come across exchange offices, which specialize in this type of transaction. You must have an ID with you.

The majority of international cards are accepted by cash dispensers at the principal French and foreign banks. However, not all banks provide a currency exchange service.

In Paris, you will find numerous exchange offices in busy tourist areas and they are usually open on Sundays too.

Shops everywhere take all the major credit cards: Visa, EuroCard, MasterCard, American Express. Only cheques drawn on French banks will be accepted and generally proof of identity is requested. You can also pay in euros of course, although it is best to avoid the larger denomination banknotes.

The majority of shops are open all day from 9am to 7pm, Monday to Saturday. Some smaller shops may close over lunchtime between midday and 2pm, or all day on Monday. Supermarkets are open at different times depending on the neighbourhood, every day except Sunday, until 8, 9 or 10pm.

### **COMMUNICATIONS:**

To call France from abroad, dial the international code 00 followed by 33 for France, then the number without the first 0. Example for a Paris number: 00 33 1 40 00 00 00.

To call from France to another country, dial the international code 00, the code of the country, then the number without the first 0.

With the France Télécom Pays Direct service, you can obtain an operator in your own country free of charge. If you wish, he can establish reverse-charge calls for you (where the person called pays for the communication). For this service, dial 0 800 99 00 \ country code.

Examples:

49 for Germany, 44 for UK.

You will find plenty of telephone booths in the street, in metro stations, railway stations and other public places. To use them, you will need a telephone card, obtainable from France Télécom agencies, the Post Office, the Paris Convention and Visitors Bureau, tobacconists and newspaper kiosks. The price varies from €8 to €15 depending on the number of units.

If you wish to call abroad, international code cards offer competitive prices. These cards can also be used for calls within France.

For mobiles, contact your mobile phone operator who will confirm whether or not your mobile is compatible with the French network and also explain how you will be charged for calls received from your own country or that you make while abroad (local and international calls).

### **INTERNET:**

Rendezvous in a cyber café or a cyber-space to check and send your e-mails. Often open late, they are usually reasonably-priced.

### **POST OFFICES:**

If you have a postcard or a letter to send, you can post them in one of the yellow letter boxes found on most street corners. Stamps can be bought in post offices or tobacconists.

Most post offices are open from 8am to 7pm, Monday to Friday, and 8am to midday on Saturday. Closed on public holidays.

### **MEDICAL SERVICES:**

No vaccinations are required in order to visit France

The chemists are usually open straight through from 8am to 8pm. They take it in turns to close on Sundays and also sometimes on Mondays. When a chemist is closed, the addresses of the nearest duty chemists are displayed on the door. A few chemists remain open late and even all night.

Should you be a witness or the victim of an accident, you may require medical treatment that cannot wait until the following day. These are the emergency services to contact:
