45th EUROPEAN KARATE CHAMPIONSHIPS

Dear friends of our sport,

On behalf of the Hellenic Karate Federation, host of the 45th European Senior Karate Championships, I have the pleasure of inviting you to participate in this great event which will be held in the beautiful city of Athens from May 7th to May 9th 2010.

Given the fact that our federation has already organized numerous international events I can guarantee the organizational and competitive success of the Championships and I am confident of the delegations' pleasant stay in our country.

In the enclosed bulletin you will find all necessary information on the competition venue, official hotels and activities programme. The Hellenic Karate Federation and I personally are at your disposal for any additional information or clarifications that you might need.

I look forward to welcoming you all in Athens.

President of the Hellenic Karate Federation
Andreas Papadimitropoulos

Everybody is expecting with great encouragement the next 45th European Senior Championships 2010 to be held in Athens. The Hellenic Karate Federation has become in the last years an outstanding member not only of the European, but also from the World Karate Federation, and both in the sporting side as well in the structure and capacity of the Federation.

The Hellenic Karate Federation is in fact a model of efficiency and well doing. It has always been a pleasure to work with them, and in all the before mentioned I want to make a special mention to President Andreas Papadimitroupoulos that has always made things easy inside a positive atmosphere of mutual help and collaboration with the European Karate Federation as regards the preparations of these 2010 Championships.

The celebration of such a major event in Greece is something well deserved by the Hellenic Karate Federation, and I can say, without any doubt, that these 45th European Senior Championships are going to be a new success of our sport in the Continent, and also a new success of the European Karate Federation thanks to the inestimable contribution of one of its outstanding members.

President of the European Karate Federation
Antonio Espinós

Athens City

Athens, the capital and largest city of Greece, dominates the Attica periphery; as one of the world's oldest cities, its recorded history spans around 3,400 years.

The Greek capital has a population of 745,514 (in 2001) within its administrative limits and a land area of 39 km² (15 sq mi). The urban area of Athens extends beyond the administrative city limits with a population of 3,130,841 (in 2001) and a land area of 412 km² (159 sq mi). According to Eurostat, the Athens Larger Urban Zone (LUZ) is the 7th most populated LUZ in the European Union (the 5th most populated capital city of the EU) with a population of 4,013,368 (in 2004). A bustling and cosmopolitan metropolis, Athens is central to economic, financial, industrial, political and cultural life in Greece. It is rapidly becoming a leading business centre in the European Union. In 2008, Athens was ranked the world's 32nd richest city by purchasing power and the 25th most expensive in a UBS study.

Classical Athens was a powerful city-state. A centre for the arts, learning and philosophy, home of Plato's Academy and Aristotle's Lyceum, Athens was also the birthplace of Socrates, Pericles, Sophocles and its many other prominent philosophers, writers and politicians of the ancient world. It is widely referred to as the cradle of Western civilization and the birthplace of democracy, largely due to the impact of its cultural and political achievements during the 5th and 4th centuries BC on the rest of the then known European continent.

The heritage of the classical era is still evident in the city, represented by a number of

ancient monuments and works of art, the most famous of all being the Parthenon on the Acropolis, widely considered a key landmark of early Western civilization. The city also retains a vast variety of Roman and Byzantine monuments, as well as a smaller number of remaining Ottoman monuments projecting the city's long history across the centuries. Landmarks of the modern era are also present, dating back to 1830 (the establishment of the independent Greek state), and taking in the Hellenic Parliament (19th century) and the

Athens Trilogy consisting of the National Library of Greece, the Athens University and the Academy of Athens.

Athens was the host city of the first modern-day Olympic Games in 1896, and 108 years later it welcomed home the 2004 Summer Olympics, with great success.
