

## CROATIAN KARATE OPEN 2023

### ***Important notice - change of the competition program***

Dear participants,

We inform you that the organizational team of the Croatian Karate Open has made a decision to change the planned competition program. After considering the advice of few national teams and analyzing several versions of the competition timetable, we decided to hold the competition in two competition days.

The change in the competition program applies exclusively to cadets kumite categories. Due to enough time space in the Saturday timetable, we decided that instead of Friday evening, the cadets categories will take place on Saturday together with all other kumite categories.

Below we provide you with the new tournament program.
